Main page

> ⚠️ **- If you have registered on this wiki, please tell it in direct messages of @denguy on Discord, as he's the wiki maintainer. You cannot get the password (yet) due to impossibility to send a password mail over your Google mail plus the mailing system is not set up.**

> ⚠️ **- "Dear fellow script kiddies, get a life. Instead of contacting me about the security vulnerabilities within this wiki, you've decided to be terrible instead. Shoutout to the one who has used ChatGPT, you're quite a funny `vibecoder`, I am not gonna lie." - denny**

Welcome to Brickrot - **the Unofficial Brick Hill reverse engineering wiki**. Despite the wiki being empty, new information related to officially or unofficially distributed executables provided by Brick Hill is being added. You may learn about this wiki via the Brickrot article.

If you would like to contribute to this wiki, feel free to make a new article or help extending other articles, listed in the wiki's sitemap (can be found under the search bar).
